

Report & Scores of Match against the RAF, Wales, and Scotland

The short-range match was shot on Saturday 17th May at Bisley in interesting wind conditions. The coaching line up, led by Derek Lowe, were kept on their toes by quick changing winds that gave no opportunity to lose focus. The firers were selected as a development opportunity, with 9 members of the Lions squad taking part. The coaches will be the same for the National Match in July, and it was a good opportunity for them all to work with each other. The RAF, Scotland and England all had 20 firers, but Wales were short in numbers, so it was agreed to form teams of ten. A relatively close win for England, with the top scorer being Matthew Keel, coached by Matthew Ensor. Thanks to everyone for taking part, and in particular my Adjutant, Graham Nelson for pulling everything together.
